

# Prayer points:

The work Linda Darby does in Uganda couldn't happen without your prayer support. We encourage you and your church to please pray today for:

1. More local trainers to come forward to help Linda in her work. Pray for the right people, with the right skills, and with huge hearts to protect children from harm.

2. Energy, wisdom and strength for Linda in her work. Pray that she knows the encouragement of your prayers when she talks to schools about why child protection policies must be developed and put into practice.

*Please keep praying for Linda Darby*

3. The children who are being abused. Please pray for the abuse to stop, and that the children sense God's love for them in their lives.

4. The adults who commit abuse. Pray that they understand the darkness of their actions and are guided towards a new life in which they never hurt a child again.
