

Prayer points

Jenny's work is pioneering new ways of treating mental health issues and trauma in Nepal. But she and her colleagues still need your prayer. Please pray for:

1. Pray for the training centre's work. Pray that more people will be able to support those still suffering from the 2015 earthquakes.
2. Pray for people with mental health problems in Nepal, and across the world. Pray that they know they aren't alone, and that they receive the support they need.

Please continue to pray for Andy and Jenny Saunders

3. Pray for Jenny, as she continues with her research in supervision techniques, and for her husband Andy in his teaching at The Nepal Baptist Bible College. Pray that they have energy and encouragement in all they do.
4. Pray for those who are today contemplating suicide. Pray for an overwhelming sense of God's love.
