Prayer Points

Please continue to pray for South Sudanese refugees using the points below:

1. Please pray that malnourished babies get the nourishing food they desperately need.

2. Please pray for people with disabilities, that their needs would not be overlooked. Pray for wheelchairs and other liberating blessings for those who need them.

3. Many South Sudanese parents are concerned for their children’s education – the key to a secure future. Pray that families would be able to continue their children’s schooling.

4. Pray for our BMS workers, that they are encouraged as they continue to deliver projects and interventions for those in need.

5. Pray for peace between warring factions in South Sudan, that all fighting would come to an end.

Please remember people like Abbe Rose in your prayers.
