Pray for the Ebola outbreak as it crosses the Uganda / D R Congo border

Pray for Uganda as the first Ebola cases are confirmed in the Uganda / D R Congo border region. Urgent prayer is needed that the highly infectious Ebola virus will not spread, spiralling into a health crisis.

D R Congo has been fighting an ongoing outbreak of the virus for some time. Nearly 1,400 people are reported to have died from the disease.

- Pray for medical supplies and personnel to arrive quickly. Pray that doctors would know what to do and that God would give them wisdom to decide what action to take.
- Pray for the local authorities, especially in Kasese and where there have been Ebola outbreaks, that they would know how to respond.
- Pray that aid agencies would be well-coordinated in responding to the crisis. Pray that God would guide them in their decision-making.
- Pray for those who have lost loved ones or are looking after people who are suffering from Ebola. Pray that God would console them and give them strength.
- Pray that God would stop the spread of this terrible disease.

Thank you for your love for Uganda and D R Congo. Please keep praying for them.

BMS has several local partner workers in the Kasese region and supports work in justice and development in Uganda. BMS is currently involved in legal work, providing clean drinking water and sanitation, and livelihoods work in Uganda.

BMS is in contact with personnel on the ground and is assessing the situation.

BMS is able to keep responding to disasters around the world because of generous giving from UK Christians. www.bmsworldmission.org/disaster-recovery
